#### ICARDA-PARC Publish

#### *Soil -Plant Analysis Lab. Manual*

A Soil and Plant Analysis Laboratory Manual has been jointly published by the International Centre for Agricultural Research in the Dry Areas (ICARDA), Syria and Pakistan Agricultural Research Council (PARC). The Manual, authored by Dr. John Ryan, George Estefan of ICARDA and Dr. Abdul Rashid, Chief

Scientific Officer/Head, Soil Fertility and Plant Nutrition Programme, Land Resources Institute, NARC is an easy-to use cookbook-style publication comprising soil plant sampling guidelines, most appropriate laboratory procedures, generalized soil-plant data interpretation criteria and allied information relevant to the dominant soils and crops in the West Asia-North Africa region.

Copies of the manual are being supplied by ICARDA to the prospective users in agricultural universities, colleges, soil-water testing laboratories and research institutions in Pakistan.
